

Lead Design, CCTech · Lead Designer / UI-UX / Product Design / Web Applications

I design enterprise products that turn complex business requirements into simple, usable experiences. I bring **20+ years of craft** from leading creative teams at **Ogilvy, VMLY&R and Creativeland Asia**, where my work won two Kyoorius Blue Elephants. Today I lead product design for Solar & Wind Power platforms, working end to end in **Figma and Claude Code**.

अब चल रहा है Current role

CCTech

Lead Design

Feb 2025 – Present · Pune

Current

- Lead web-based product design for Adani's Solar & Wind Energy platforms, including DRS, Pulse and HOTO.
- Design web applications and enterprise digital solutions end to end.
- Use Figma and Claude Code for product design and AI-assisted development.
- Translate business requirements into simple, user-focused experiences.

Products for Adani

DRS Solar & Wind Pulse Solar & Wind HOTO Solar & Wind

Own product

Sarathi (App for Senior Citizens) · Coming soon

Independently conceptualizing and developing a medicine reminder application designed specifically around the needs of senior citizens.

चलते-चलते... Experience

Oct 2024 – Jan 2025
Mumbai

Creative Director

Ventures Advertising

Led the creative team for government-sector clients, taking campaigns from concept and ideation through to planning and execution. Worked with the team to shape big ideas, guided art direction and copy, and kept every piece clear, on-brief and on time.

Concept & ideation Campaign planning Team leadership

Aug 2023 – Sep 2024
Hyderabad

Creative Solution Lead

Brane Enterprises · Digital Transformation GSI

Led branding and marketing for a product company. Designed the UI/UX for its products and company website, including user journeys for LLM chatbots and interfaces for AI products. Took brand videos from concept art through to production, and designed PowerPoint decks for client presentations.
